About Us

NCCR is the first independent organization to develop sustainability reporting in Indonesia and the first organization to introduce the term "sustainability report" in Indonesia.

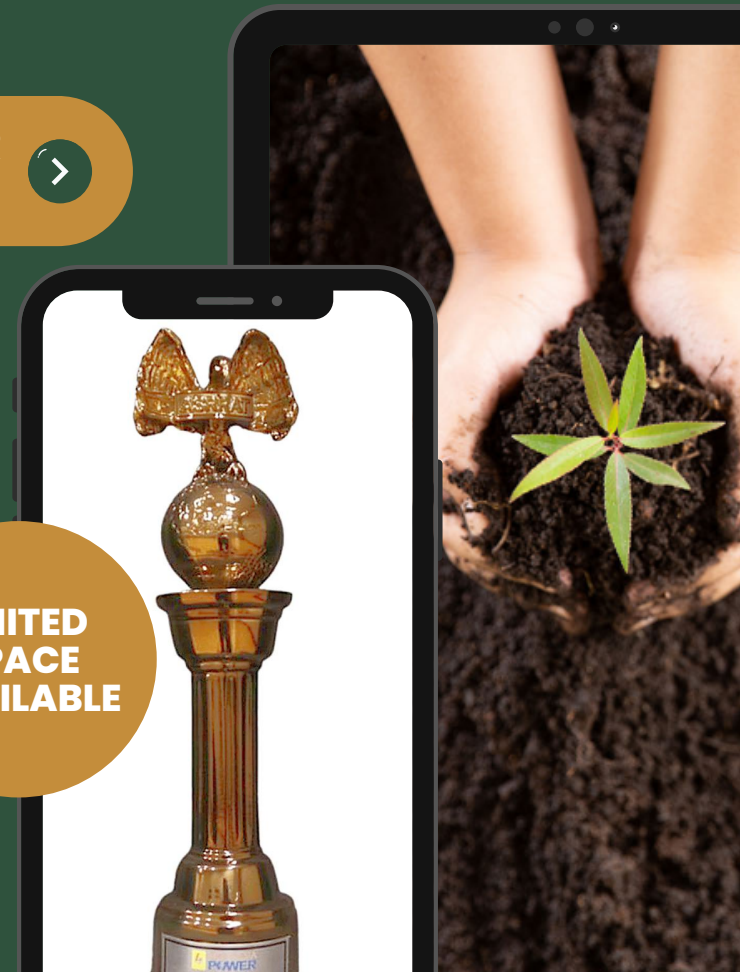

ASIA SUSTAINABILITY REPORTING RATING 2023

CALL FOR TENANTS >

Asia SR Rating

The Sustainable Development Goals (SDGs) are a world agenda that has been running since it was inaugurated in 2015. The Indonesian government and stakeholders, including practitioners, have carried out various strategic steps to support their achievements. SDGs has become the rationale for a shared understanding for all parties involved.
